					Additional units in this area to meet requirements		Careers requiring 2 year degree			
15	Suggested Majors:								Entry Level Audio Technician Entry Level Recording Engineer Entry Level Audio Design Performer Private Instrumental Teacher Private Voice Teacher Entry Level Media Composer/Arranger Entry Level Music Producer	
16	Industry recognized certifications, Credentials, licenses, or apprenticeships related to this pathway									
Comments: <ul style="list-style-type: none"> Prerequisite requirements may vary by school and may alter the sequence of courses above. This template is based upon requirements for CSU transfer pattern and assumes that all basic skills (remedial) coursework is completed. Where there are course numbers identified, the course number references the CID course. Course content for these courses may be found at www.cid.net/descriptors. Per Title 5, students may only receive credit for articulated high school work upon completion of a credit by exam mechanism that ensures that the objectives of the community college course have been met. Completion of an articulated course in high school does not guarantee receipt of credit at the community college.
