△ We need to adjust your plan

Your current plan needs some changes to help you graduate. There are two ways to do this.

**Minimize changes**

Smart Plan will keep your preferences as much as possible. We will make changes to make sure you meet prerequisites and other technical fixes.

- Graduate in Spring 2026 instead of Fall 2025
- Increase your credits by +8.0

[Details](#)

**Minimize time to degree**

Smart Plan will ignore some of your preferences. We will adjust some classes that will help your time to degree be more efficient.

- Graduate in Spring 2026 instead of Fall 2025
- Decrease your credits by -1.0
