MVC Lion Zoom Webinar Etiquette

- Your questions are welcomed
please place them in the Q&A

President Steinback's Welcome

Safe Return Guiding Principles

PRIORITIES & ASSUMPTIONS

- Prioritize student and employee health and safety students
- Provide equitable access to quality instruction and student support services
- Approach safe return consistently
- Plan for full return to in-person instruction and services
- Adapt quickly and plan for contingencies as we move forward together

Student Services

Student Services

Preparing for Return - VPSS & SS Deans will be surveying division area on Friday, May 21, 2021, in preparation for managers return on June 7th.

Welcome Center - Anticipated move-in week of July 26th. Limited services July 26 - 29 to allow personnel to settle into their new areas.

Enrollment Push - Enrollment Services contacting students via text, phone, and email. Billboard marketing campaign underway.

Engagement Centers - Peer advisors reaching out to students to connect them to each individual center.

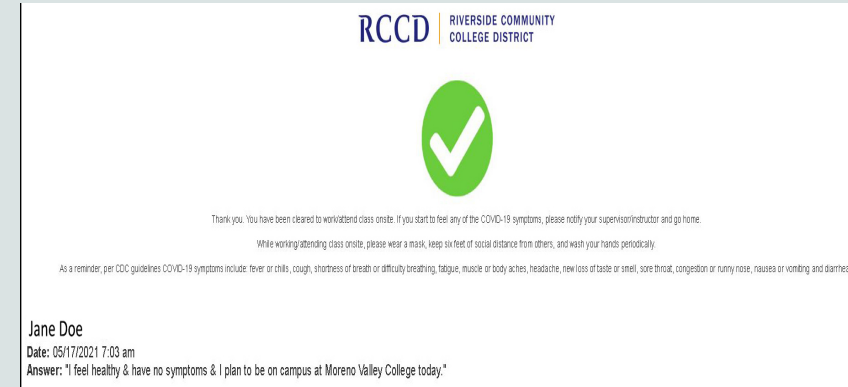

Academic Affairs

Fall 2021 Backup Schedule Currently Under Development

- Based on priorities and assumptions:
Safety, Equity & Access, Consistency, Quality Instruction & Services, and Adaptability
- In case distancing or space capacities remain into Fall 2021
- Shift from base Fall 2021 to approximately 40% on-campus and 60% fully online
- Focused on providing safe high-quality instruction across all modalities: online, hybrid, and on-campus
- Fall 2021 course sections being identified to shift online or partially online (hybrid)
Some course sections may be split into multiple sections to fit into classrooms with reduced capacities
- Classroom capacity assessment complete for 6-foot distancing
- Scheduled completion date is May 28th with decision to be made mid-summer
- Communication plan in development

Student Protocol

1. Students to use disinfectant wipes to wipe down shared desks, lab equipment, and other shared objects and surfaces before and after use.
2. All students returning to campus for instruction will review the COVID-related training modules developed by the District.
3. Students will sign the RCCD Infectious Disease Understanding of Risk for Students Doing On-Site Labs form found in Appendix D – Compliance Protocols.
4. All students must self-check for any symptoms of COVID-19 before leaving home and arriving on campus. The “symptom checker” results are to be submitted daily before reporting to campus. Students must display symptom checker “clearance” to faculty before entering the classroom space. This can be on a mobile device or printed out at home and brought to campus.
5. Students will always wear a proper face covering. Extra masks will be on site for use.
6. Social distancing must be maintained as directed by signage or college employee.

Business Services

SAFETY CONTROL MEASURES

1. Physical Distancing Markers, where appropriate and required
2. Signage and/or other messaging to encourage hygiene standards
3. Hand sanitizers containing at least 60% alcohol placed in strategic locations
4. Disinfectant wipes available for students faculty and staff for cleaning and sanitizing shared equipment and individual work stations
5. Use of face coverings, in accordance with the CDPH guidance

Disinfecting

1. All products are approved for use against COVID-19 on the Environmental Protection Agency (EPA)-approved list
2. Perform daily cleaning of the campus environment (CDC guideline-April 2021)
3. Thorough cleaning and disinfecting of commonly used surfaces and personal work areas
4. We are using notification signage to let everyone know when the space was disinfected last.

CLEANING AND DISINFECTION NOTICE

Room _____ has been cleaned and disinfected in compliance with CDC, CAL/OSHA approved guidelines and disinfectants used against emerging viral pathogens and Covid-19.

Please contact Custodial Services for cleaning and disinfecting services. Renita Batiste 951-571-6256
