The Board of Trustees
The Measure C Citizens' Bond Oversight Committee
Riverside Community College District
Riverside, California

This letter is intended to ensure that the Board of Trustees and the Measure C Citizens' Bond Oversight Committee of Riverside Community College District (the "District") receives additional information regarding the scope and results of the audit of the General Obligation Bond Funded Capital Outlay Projects that may assist in overseeing the financial reporting and disclosure process for which management is responsible. These communications relate to the financial statement audit of the General Obligation Bond Funded Capital Outlay Projects that has been performed by Vicenti, Lloyd & Stutzman LLP ("VLS") for the year ended June 30, 2012, and other relevant information relating to VLS' relationship with the District. Our objective is to communicate certain information that is required to be communicated to those charged with governance by professional auditing standards.

The following summarizes various matters which must be communicated to you under auditing standards generally accepted in the United States of America.

The Auditor's Responsibility under Applicable Auditing Standards

Our audit of the financial statements of the General Obligation Bond Funded Capital Outlay Projects for the year ended June 30, 2012 was conducted in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether caused by error, fraudulent financial reporting or misappropriation of assets. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. Accordingly, the audit was designed to obtain reasonable, rather than absolute, assurance about the financial statements. We believe our audit accomplished that objective.

Qualitative Aspects of Accounting Practices

Management has the ultimate responsibility for the appropriateness of the accounting policies used by the District. The significant accounting policies used by the District are described in Note 1 to the financial statements. The District did not adopt any significant new accounting policies nor have there been any changes in existing significant accounting policies during the current period which should be brought to

your attention for approval. No significant or unusual transactions or significant accounting policies related to controversial or emerging areas for which there is a lack of authoritative guidance or consensus were noted. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the preparation of financial statements and are based upon management's current judgment. The process used by management encompasses its knowledge and experience about past and current events, and certain assumptions about future events. Management has informed us it used all the relevant facts available at the time to make the best judgments about accounting estimates, and we considered this information in the scope of our audit. Estimates significant to the financial statements include such items as establishing the accruals of receivables and liabilities. We believe management's estimates are reasonable, based on our audit. However, estimates are subject to change because of future events, and the ultimate amounts realized may differ from those provided.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

There were no difficulties encountered in dealing with management in performing and completing both the financial and performance audits.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no audit adjustments made to the original trial balance presented to us.

We accumulated no uncorrected misstatements for the fiscal year ended June 30, 2012.

Disagreement with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the audit report. We are pleased to report that we encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments or any significant matters.

Management Representations

We have requested certain representations from management including but not limited to the fair presentation of the financial statements, application of generally accepted accounting principles and management's responsibility for establishing and maintaining effective internal controls. These as well as other representations are included in the management representation letter dated September 27, 2012.

Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. We are not aware of any consultations management had with other accountants about auditing and accounting matters related to the General Obligation Bond Funded Capital Outlay Projects.

Other Information in Documents Containing Audited Financial Statements

We are not aware of other documents that contain the audit report of the General Obligation Bond Funded Capital Outlay Projects. When such documents are to be published, such as an Annual Report, we have a responsibility to determine that such financial information is not materially inconsistent with the audited statements of the General Obligation Bond Funded Capital Outlay Projects.

Other Audit Findings or Issues

No management letter was issued related to the audit of the General Obligation Bond Funded Capital Outlay Projects for the year ended June 30, 2012.

No major issues were discussed with management prior to our recurring retention to perform the aforementioned audit.

Independence

Vicenti Lloyd & Stutzman LLP is independent with respect to the District. Our quality control processes are established to ensure our continuing independence.

Closing

We will be pleased to respond to any questions you have about the foregoing. If you would like any information or would like to discuss any of the matters raised, please do not hesitate to contact Renee Graves or Patricia Stover at (626) 857-7300. We appreciate the opportunity to continue to be of service to Riverside Community College District.

This letter is intended solely for the information and use of the Board of Trustees, Measure C Citizens' Bond Oversight Committee, management and others within the District and is not intended to be and should not be used by anyone other than these specified parties.
