**RCCD General Education Program Student Learning Outcomes**

The RCCD General Education program prepares students to be able to demonstrate an understanding of how knowledge is discovered and constructed in the natural sciences, the social and behavioral sciences, the humanities, and language and rationality. Students will understand the methods of inquiry that underlie the search for knowledge in these fields. In addition, they will gain demonstrable skills in four broad interdisciplinary areas:

- **Critical Thinking**
  Students will be able to demonstrate higher-order thinking skills about issues, problems, and explanations for which multiple solutions are possible. Students will be able to explore problems and, where possible, solve them. Students will be able to develop, test, and evaluate rival hypotheses. Students will be able to construct sound arguments and evaluate the arguments of others.

- **Information Competency & Technology Literacy**
  Students will be able to use technology to locate, organize, and evaluate information. They will be able to locate relevant information, judge the reliability of sources, and evaluate the evidence contained in those sources as they construct arguments, make decisions, and solve problems.

- **Communication**
  Students will be able to communicate effectively in diverse situations. They will be able to create, express, and interpret meaning in oral, visual, and written forms. They will also be able to demonstrate quantitative literacy and the ability to use graphical, symbolic, and numerical methods to analyze, organize, and interpret data.

- **Self-Development & Global Awareness**
  Students will be able to develop goals and devise strategies for personal development and well-being. They will be able to demonstrate an understanding of what it means to be an ethical human being and an effective citizen in their awareness of diversity and various cultural viewpoints.

Welcome to Moreno Valley College's unique and vital public safety training located at the Ben Clark Training Center (BCTC). In association with local, state and federal agencies, Moreno Valley College offers one of the largest public safety training programs in Southern California. Each year, the college prepares hundreds of students to work as law enforcement officers, firefighters, emergency medical technicians, paramedics, dispatchers, and correctional officers.

Most of the training occurs at the BCTC, located adjacent to March Air Force Reserve Base. The Ben Clark Training Center is recognized nationally for its innovative, interagency programs that emphasize state-of-the-art training for law enforcement, emergency medical services and firefighting personnel to function as a team.

Several major public agencies participate in public safety training, including the Riverside County Sheriff's Department, the Riverside County Fire Department, the California Department of Forestry and the Department of Corrections. Working in conjunction with these agencies, Moreno Valley College is able to offer the following intensive programs in Law Enforcement, Emergency Medical Services and Fire Technology:
