

**MORENO
VALLEY
COLLEGE**

MEMORANDUM

Date: September 2019

To: Moreno Valley College Faculty

From: Sue Tarcon, MSN, RN, PHN –Director, Health Services Moreno Valley College

Subject: Health Education Outreach Events

We would like to take this opportunity to share our Health Services Health Education Outreach Schedule for the 2019-2020 school year. We strive to provide useful, current health information at these events and invite you to consider offering extra credit to students who participate.

We know that if students stay well they have a better chance of staying in school, reaching their educational and life goals. In addition to the pertinent health information the student receives at our outreach events, they may also have informal health counseling by a Health Services Registered Nurse and/or staff and learn what other services are available to them from Health Services.

To assist you, an extra credit form has been enclosed for your students should you decide to offer extra credit. Whether you use this for extra credit or not, we hope you will share the schedule information with your students. You might find it helpful as is, but feel free to change it according to your needs.

Please contact us at ext. 6103 if you have any comments, questions or suggestions as to how we can better serve your needs and those of our student population.

Thank you!

Sue Tarcon
